Sawtul, don't be daft. These things have to be reported in order to be taken into consideration as cause for expulsion. See that 'report' button at the bottom of your post? It's how we draw attention to moderators when someone engages in divisive, accusations. Like you. I also use it when you spam your own threads. The Mods have been extremely indulgent with you on this one.

This post places you at the level of an eight year old. How can we take you seriously?

Pot, meet the kettle, it's black. You spend your waking hours dreaming up ways of accusing various regimes, organisations and even Islamic states of being in collusion with the Washington regime, and you get all sensitive when members on the forum tease you?

I am interested to know what Whisper & Duende views are on the current US led war in Iraq. Is it a simple case of 'good' muslims fighting the 'bad' americans?? From what you have said on this forum so far, which to the most part is slandering other forum members, it appears your political views are very simplistic. So how about you share your thoughts on the war, which is what this thread is about.

Moderator, you have publicly asked me to focus on the topic of the thread, yet you appear to be turning a blind eye on certain users who seem to only write insults to other users. I ask these insulting users to focus on refuting the arguments raised by Sawtul, so we can have a debate and share thoughts.

As for the accusations put against me by Whisper, I say again I am not swat, so stop falsely accusing me of being so. And your criticism of any opposition to the shia belief being an 'Israeli agenda' is utterly pathetic. It reminds if the zionists accusing anyone who even dares to question their policies as 'anti-semitic'!.

Duende, I'm suprised you accuse Sawtul of an '8 year old', yet you have nothing of the sort to say about Whisper who's only line seems to be 'israeli agenda, israeli agenda..' without actually refuting a single point.

Nevermind TruthSearcher. Try using the 'search' part of your name, you'll get a good perspective on Whisper and me. Sawtul's threads are no-brainers. Do a little research through the forum archives.

Search through the threads of last oneyear and more if possible to see ample of discussions on this topic and your colleague's illogical point of views. He identifies himself as a muslim, so some universal islamic beliefs are expecte of him. If he ack that he is only pretending to be one, then many of the problems will be solved and atleast I will understand what and why he is saying it.

Still if you want to have a discussion after that, It would be nice to know if you are a Muslim or if christian or Jew including your sect/branch of it. It helps to keep the discussions short. If you are a Muslim, I don't have to tell you many things, that I have to tell you if you belong to other faith. Just for your better understanding.

I am a Muslim. And by born I inherit a Sunni point of view. I hope I made myself clear. It would be fair to know your own religious point of view to keep our discussions brief and to the topic. Hope you have the courage to tell the truth.

If you are TruthSearcher, should come out with your truth first. You can't search truth, sitting on lies.

You should have joined this forum 24 days earlier, on your very own day! What do you call someone who sells fish? El Fishmonger! No?

We well know what we call those who sell hate.

Want me to spell it out for you? We don't just call them Hatemongers but also bin them as rotten Israeli agentors.

Any other objection as the Sikh had asked!

Swat what ever had lied to the forum about his identity when he joined us. He had lost that very day when he was smelt and caught by a mere whisper. But then on his agenda has had the stink we all recognise.

And, we will waste time by being dragged in to a debate and that too with YOU?

without actually refuting a single point.

Do you seriously have a point that deserves to be refuted? And, we should follow some typical American Square Grid pattern of discussion - of your prescription?

Please be reminded that people of calibre normally debate with people of some class. And, for trash we do have a special bin.

Nu001 and Duende, I think, we better not worry about this one at all. Our pobrecito "Sat an whatever" had no audience left here so he has invented a supporter!

Whisper, You are right.

On a second thought I think he was right in saying,"Most ordinary Shia do not know themselves the origins of their sect."

How the ordinary members will know an origin of a sect made (manufactured) by the extra ordinary western agents?
